The Foundation

THE WILLIAMSPORT AREA COMMUNITY COLLEGE

1005 West Third Street, Williamsport, Pennsylvania 17701, 717-326-3761

This year I, like you will be learning the Williamsport area Community College. The past year has been especially satisfying for me as I watched the College's plans for three new buildings become a reality. It has also been rewarding for me to be a part of your experience at WACC.

During the past year at the College, worked to build new facilities, we have been involved in a different type of building. This year we records your experiences in cutting skills, knowledge, and friendships, in learning to team oriented into class and plans into reality.

Your experiences at WACC have provided you with the tools to build your future careers, to build your personal lives, and to build your communities. I hope these experiences have been good ones and that your memories of the College will be, like mine, happy ones.

On behalf of the Board of Trustees, the College Faculty and Staff, I wish you continued success as you begin to build on the foundations you have established at the College.

Sincerely,

William J. Sharpe
College President

The Groundbreaking

In Fall 1979, WACC began construction of a new Building Trades Center, Learning Resources Center and Metal Trades Center. This construction, shown in the overview, is the first part of a proposed multistage facilities improvement program. The **MONTAGE** has dedicated this years book to the building process that this project signifies.

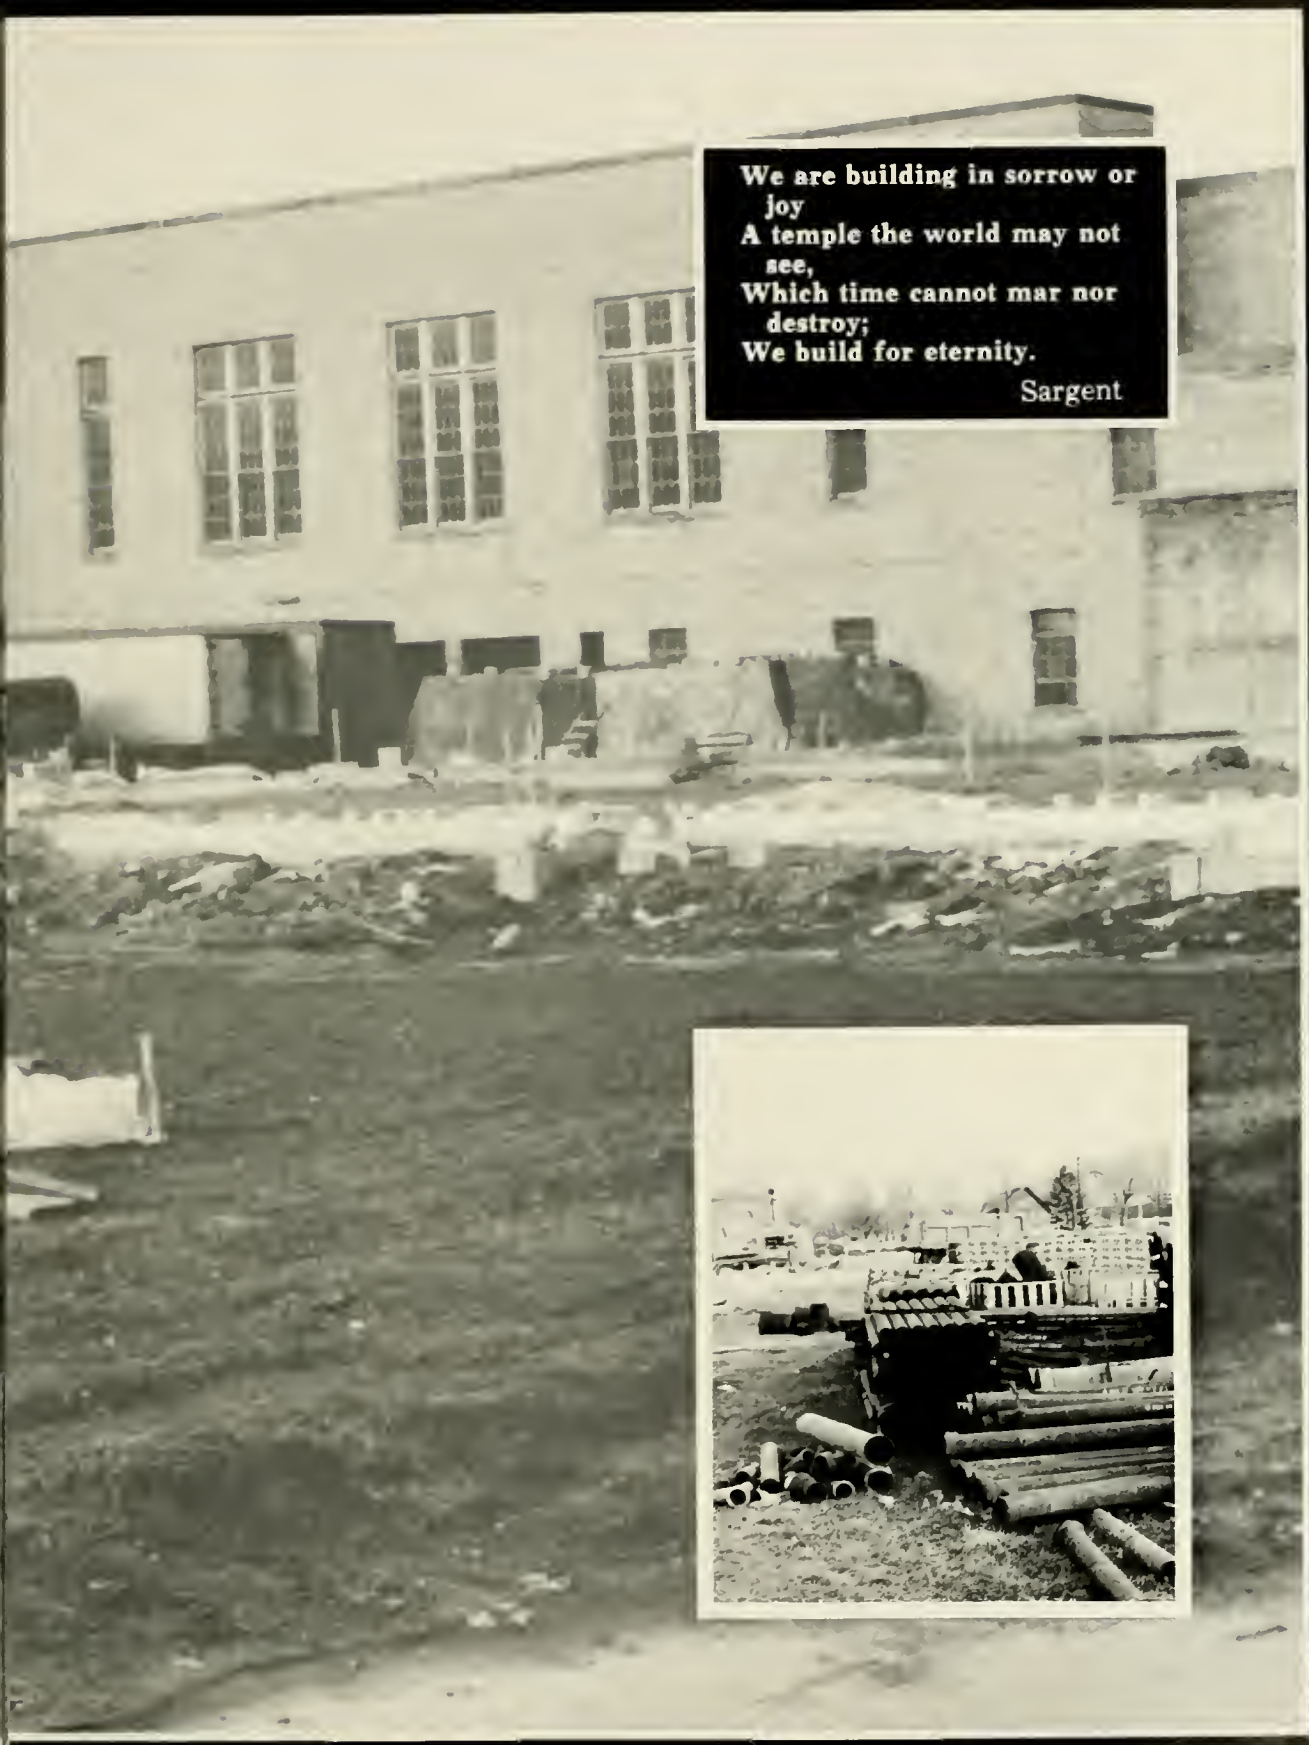
GRADUATES



We are building in sorrow or joy
A temple the world may not see,
Which time cannot mar nor destroy;
We build for eternity.

Bear in mind that the wonderful things you learn in your schools are the work of many generations, produced by enthusiastic effort and infinite labor in every country of the world. All this is put into your hands as your inheritance in order that you may receive it, honor it, add to it, and one day faithfully hand it on to your children. Thus do we mortals achieve immortality in the permanent things which we create in common.

BUSINESS EDUCATION SYMPOSIUM

FRIDAY, MARCH 28, 1980
The Williamsport Area Community College

Sponsored by
Business and Computer Science Division

and

Phi Beta Lambda Fraternity

PHI BETA LAMBDA

The Williamsport Area Community College's chapter of Phi Beta Lambda continued to make headlines as the most active campus organization. Recognition came in many forms. Two chapter members were elected to state level offices: Andrew Wentz and David Ricker. The Mummer's Day Parade float was another first price. And for the sixth year Phi Beta Lambda sponsored the Business Education Symposium for area high schools.
